## EMPOWERING FAMILIES ON THEIR JOURNEY TO INDEPENDENCE

Lindsey House is a transitional living facility that provides a safe place to live for women with children who are facing situational homelessness.

While living here, each woman participates in a curriculum that teaches life skills, workplace proficiency and financial literacy. The curriculum takes a minimum of one year to complete and families are welcome to stay for up to two years.

As part of your financial donation, sponsors are supporting the cost of basic monthly utility needs for one of our 24 apartments, including electric, water, and gas. Lindsey House will also send you periodic updates on the sponsored family's progress.

Pennelope (pictured left with her children) came to Lindsey House after years in an abusive relationship, and now her family feels safe and hopeful for their future. With a safe place to call home, Pennelope is able to focus on a future career and plan for financial independence.

The impact of our mission is life changing for the women and children who live here, and we would be grateful for you to share in that journey by becoming an apartment sponsor.
